DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

Claims 1-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 3 recites the limitation "base frame mounting means" in line 2. There is insufficient antecedent basis for this limitation in the claim.

Claim Objections

Claims 1-12 are objected to because of the following informalities: In claim 1, the "semi-colon" should be deleted after the word "and". In claims 6 and 9-10, there should be a period at the end of the sentence. In claims 7-8 and 12, the semicolon should be a period instead. In claim 10, there should be a semicolon after the terms "member and plate". Appropriate correction is required.

Allowable Subject Matter

Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 2-12 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art made of record has failed to suggest either singly or in combination a novel portable utility stand. The applicant has disclosed the use of an a seat and a backrest member wherein the seat member includes a storage compartment comprising a slidably mounted drawer and storage compartment including a means for slidably the seat and the backrest. The portable stand further comprise a footrest platform adjustably mounted and a reference table pivotably mounted to the base frame member; and extension arm member pivotably supporting the equipment support structure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The following patents are cited to further show the state of the art with respect to portable utility stand: U.S Pat. No. US005350215A, US006439657B1,
